SCRUM Meeting 5 for Team Alpha Spin N' Stonasite
Prepared by: Joshua Rummell
Meeting Date: 4/17/23 - 3:10 PM

Meeting Attendees

1. Jeremy Bui
2. Nathaniel Fernandes
3. Joshua Rummell

*Chase Albright was sick

Meeting Agenda Items

- Continuation of Manager Page Reports - Correcting the Restock Report and completing the Excess, X and Z reports for full functionality
- User Interface concerns, how to design website for customer browsing

Status Update Since Last Meeting

Accomplishments:
- Restock Report able to showcase all items under acceptable limit, albeit undesired list forms breaking table formatting
- X and Z report planning completing, initial construction on X, Z, and Excess reports

Tasks Completed:

Task Description	Assigned to	Completed? (yes/no)
X and Z Report design and initial construction	Chase	Yes
Excess Report design and initial construction	Nathaniel	Yes

Before The Next Meeting

Plans:
- Formalize manager side, all reports completed and debugged to produce identical performance to previously created database features
- Begin implementation of Google Translate on customer menu
- Consider Google Maps integration for Spin N Stonasite

Task Assignments:

Task Description	Assigned to
Finalize X and Z reports, push completed manager view for customer release	Chase
Plan and begin implementation of Google Maps on Spin N' Stonasite	Nathaniel

Minutes (Notes) from Previous Meeting

Continued progress was made for the Manager side functionality. As the Sales Report was made, a notable issue was detected in the Restock report. While it was able to showcase items in the manager view, the list format broke the table and made for very poor accessibility. Further concerns were placed on the development of the X and Z reports, as well as the Excess report, but plans were developed to have these finished by the end of the sprint.
